Falmouth Housing Authority
Programs for Today, Vision for Tomorrow
Presented by
Bobbi Richards, M.A.
Executive Director
Revised 9.4.18

Mission Statement
The Falmouth Housing Authority is committed to ensuring safe, decent, and affordable housing by working cooperatively with community, state, federal, and local officials. The Falmouth Housing Authority always endeavors to make the best use of all available resources so our residents and participants can live in an atmosphere of dignity and respect, free from discrimination.

The Falmouth Housing Authority
Established August 16, 1948
Celebrates its 70th anniversary in 2018

A public housing authority formed under Article 98 of Chapter 121B

Oversight
- HUD Regulations
- DHCD Regulations
- 5-panel Board of Commissioners

Role of the Board
- 5 year appointments; 1 state-appointee
- Hires ED, approve policies and budgets

Role of the Executive Director
Oversees day-to-day operations, establishes budgets, acts on approved policies, ensures regulatory compliance, supervises staff, and interacts with the community to develop and/or maintain subsidized housing as a priority.
Affordable Rents

Whether the housing is subsidized through federal or state funds, the rents are designed to be affordable. This means, in general, rents do not exceed 30% - 40% of the household’s annual income.

Example: Sally (63 years old) has a fixed income from SSA of $1100/mo and works a PT job at Christmas Tree Shops earning $400/mo

$1,500/month ($18,000 annually)

Standard annual deduction of $400

=$17,600 annual income x 30% = $5,280/12 = $440

$440/month for housing (rent and utilities)

Did you know?

While everyone on the waiting lists are not current residents of Falmouth, FHA is aware that:

Some lived here, raised families here, retired here – then could not afford the rents and moved a few towns over

Some are from other areas and are attracted to the Town of Falmouth for a variety of reasons including work, raising a family and joining as a productive member of the community.

If families cannot afford to live here – age-out may occur and all services will be affected because Falmouth cannot retain a young workforce without housing options.

14,860 year-round households in Falmouth

24,190 registered voters in Falmouth

1,693 persons on the FHA waiting lists
The Federal and State Process

CONGRESS
Passes legislation and appropriations
(State)

Certify at move in (and annually) income, assets and other deductions
Pay rent (and utilities if applicable)
Adhere to lease requirements
Participate in annual inspections

Falmouth’s Federal Public Housing Program

The federal public housing program was created under the Housing Act of 1937.
Public housing buildings are permanent structures owned by the housing authority, located in the Town.

Public housing is also called "project-based" assistance because families live in the building to be assisted.

FHA's Federal Public Housing

FHA has three (3) federal public housing buildings in the Town of Falmouth, for a total of 222 units, at the following properties:

- Harborview Apartments
- James L. Tatakot Apartments
- Rose Morin Apartments

Tenants pay between 30-40% of their income toward rent (including utilities).

1-2 year wait time
556 current applicants
FHA participates in the Housing Choice Voucher program, also known as the Section 8 Voucher program.

FHA can issue up to 260 HCV vouchers to eligible applicants. Applicants locate their own housing and FHA enters into a contractual relationship with the landlords. Tenants pay between 30-40% of their income toward rent (including utilities).

5-7 year wait time
379 current applicants

FHA’s Federal Voucher Programs

As advertised, this unit is not affordable for Sally because it substantially exceeds the payment standard for the area.
FHA participates in the DIAL program – a joint effort between the Falmouth, Barnstable and Bourne Housing Authorities.

In 1997, the Disabled Independent Adult Living (DIAL) program was created in response to a need for region-specific vouchers to assist younger disabled adults on the public housing waiting lists of each agency.

HUD issued 200 vouchers to Barnstable and these vouchers were divided amongst the three participating agencies. FHA maintains 80 vouchers.

1-2 year wait time
352 current applicants

5 Units (Handicapped)
Laundry Room and Community Room
On Town Sewer
FHA’s State Programs

FHA offers four public housing and voucher programs funded by the Department of Housing and Community Development (DHCD). Rents are generally 30% of income and DHCD provides subsidy funds to cover the general costs of operating state-aided housing that is not covered by the reduced rents.

Chapter 667 – provides housing for qualified low-income elderly and handicapped persons. Rents include paid utilities and are set at 30% of income.

Chapter 705 – provides housing for low-income families in neighborhoods throughout MA. Housing is created by the housing authority through the purchase of existing or new construction units. Rents are either 30% of income (if utilities are paid by housing authority) or 25-27% of income if tenant pays utilities.

Chapter 689 – provides housing for people eligible for services of the Department of Mental Health or the Department of Mental Retardation. FHA owns the building and leases it to a local service provider. Residents are referred to the provider by the state human services agency and the provider rents the units (with the FHA owning the building and the lease and any state contract) FHA provides general maintenance for the building as part of its lease agreement.

MRVP– Massachusetts Rental Voucher Program provides both tenant and project-based rental subsidies. The mobile voucher is valid for any housing unit that meets the state sanitary code; project-based vouchers are assigned to a specific housing unit or development.

Falmouth’s State Public Housing Program

FHA has two (2) state public housing buildings in the Town of Falmouth

- Salt Sea Apartments
- Choate Lane Apartments
